

AERO-MARINE TECHNOLOGIES, INC.

When Service and Experience Matter

Did You Know?

Aero-Marine Technologies sends a **Vacuum Generator Removal Kit** with every return order.

Prevent infection or illness when working with **vacuum generators.**

- **Never work** on toilet waste system and potable water system at the same time
- **Always use** rubber gloves when working with the toilet waste system or on parts that have contamination from the waste system
- **Properly place** the vacuum generator into the red biohazard bag we provide
- **Never place** documents with contaminated items

Each Kit contains safety gloves, a biohazard bag and instructions for safe removal of your Vacuum Generator.

Aero-Marine Technologies specializes in the maintenance and overhaul of the most common Vacuum Generators including:
